The screenshot shows a web browser window with three tabs: 'Homework 0 | CMPT 220', 'Java Screenshots - LF - G', and 'Leslie-Flores (Leslie Flore...'. The address bar shows the URL 'https://github.com/Leslie-Flores'. The GitHub navigation bar includes a search bar, 'Pull requests', 'Issues', and 'Gist'. The profile page for 'Leslie Flores' (username: Leslie-Flores) is displayed. It features a green and white pixelated avatar, a bio 'Add a bio', an email 'leslie.flores1@marist.edu', and a note 'Joined 8 minutes ago'. The statistics bar shows 0 repositories, 0 stars, 0 followers, and 0 following. The 'Popular repositories' section contains a message: 'You don't have any repositories yet.' The '1 contribution in the last year' section shows a contribution graph with a single green square on January 22nd. Below the graph is an explanation of the contribution graph and a link to a quick guide.

Learn how we count contributions.

Less More

This is your **contribution graph**. Your first is for joining GitHub and you'll earn more as you make [additional contributions](#). More contributions means a darker green square for that day. Over time, your chart might start looking [something like this](#).

We have a quick guide that will show you how to create your first repository and earn more green squares!

Quick setup — if you've done this kind of thing before

Set up in Desktop or **HTTPS** **SSH** <https://github.com/Leslie-Flores/cmpt220flores.git>

We recommend every repository include a [README](#), [LICENSE](#), and [.gitignore](#).

...or create a new repository on the command line

```
echo "# cmpt220flores" >> README.md
git init
git add README.md
git commit -m "first commit"
git remote add origin https://github.com/Leslie-Flores/cmpt220flores.git
git push -u origin master
```

...or push an existing repository from the command line

```
git remote add origin https://github.com/Leslie-Flores/cmpt220flores.git
git push -u origin master
```
